

Our Community Beliefs:

Living Roots Church is a small gathering of people rooted in Christ and growing in community. We share these community principles:

1. The Heart of Christ. We are a community built upon faith, hope, and love in Christ and one another.
2. The Mind of Christ. We learn and grow from one another. We are in different places on our spiritual journey, with each member bringing unique church and life experiences. We value this diversity and embrace growth, building our individual and collective faith.
3. The Hands of Christ. We are on a journey, committed to walking together for the advancement of God's Kingdom by serving one another and those that God places within our reach. We desire to be God's instrument of hope and healing.
